STATE OF ILLINOIS FUNDING REQUIREMENTS

Projects Utilizing State of Illinois Funds

This project will utilize State funds and must comply with 2 CFR 200.317 to 200.326 of the Uniform Guidance Procurement Standards. Neither the state nor federal government will be a party to the eventual contract and are not subject to any obligations or liabilities to the non-federal entity, vendor, or any other party pertaining to any matter resulting from said contract.

Contract Provisions for non-State Entity Contracts Under State Awards

Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

All contracts in excess of \$10,000 must address termination for cause and for convenience by NPI including the manner by which it will be affected and the basis for settlement.

Clean Air Act (42 U.S.C. 7401-7671q.) and the *Federal Water Pollution Control Act* (33 U.S.C. 1251-1387), as amended. All respondents agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-767 lq.) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

Debarment and Suspension (Executive Orders 12549 and 12689) A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Steel Products Procurement Act (30 ILCS 565/1 *et seq.*) The Respondent hereby certifies that any steel products used or supplied as part of this BID REQUEST shall be manufactured or

produced in the United States per the requirements of the Steel Products Procurement Act (30 ILCS 565/1 *et seq.*).

GENERAL INFORMATION

Pre-Submittal Question Period

The pre-submittal Question Period will allow Respondents to address any questions to NPI surrounding the requested services outlined within the BID REQUEST and accompanying EXHIBITS.

Examination of Documents

The Respondent is responsible for reviewing and understanding the required services and other contents outlined within the BID REQUEST and accompanying Exhibits in their entirety. NPI recommends that Respondents completely review the proposed work specifications and be familiar with any local conditions affecting the requested services.

Submittal Requirements

Responses to this BID REQUEST should be completed in a clear and concise manner and MUST include the following:

- Cover/Transmittal Letter which gives an overview of the Respondent's company including the type of services offered and the number of years it has been in business.
- A completed and signed BID REQUEST Bid Form by a company representative authorized to bind the proposing company contractually, with his/her contact information.
- Firm fixed costs of all work described herein.
- Bid price must include all costs, including but not limited to equipment, overhead/profit, and shipping.
- Baseline Schedule that complies with the completion dates listed in this BID REQUEST. Schedule must also show major milestone dates for production and delivery.
- M/W/PBE certificates (if applicable).

Evaluation Criteria

The contract will be awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the BID REQUEST, is the lowest in price. This procurement is one component in a larger project subject to a State of Illinois Business Enterprise Program Utilization Plan. Good-faith efforts will be made meet the State of Illinois Business Enterprise Program Utilization Plan as required by NPI's Grant Agreement. Achieving these goals may require awarding a bid that is not lowest in price insofar as it is within a reasonable average range in comparison to all other bids received and responsive.

Minority-Owned/Woman-Owned Business Enterprise (M/WBE) Goals & the State of Illinois Business Enterprise Program

Proposals by M/WBEs are strongly encouraged, but not required. In alignment with the State of Illinois Business Enterprise Program Utilization Plan, the larger project, of which this BID REQUEST is a component part, has a goal to utilize at least 1% M/WBE. Only those M/WBE subcontractors listed in the State of Illinois Commission on Equity and Inclusion's Certified Firms Directory are eligible to count toward this goal. A list of approved Transportation, Shipping, and Freight firms accompanies this BID REQUEST as EXHIBIT 4 – Approved M-WBE Shipping Vendors. Proposals must include documentation verifying that vendors are certified M/WBE vendors. The amount of M/WBE participation shown in the Cost Proposal submitted by the Respondent during the proposal process will need to be met by the Respondent if selected. While not a primary evaluation criterion, Respondent's proposed M/WBE vendor participation amounts and how these impact the overall project's goals will be considered material to the proposal.

Communication, Interpretation and Addenda

No Respondent is entitled to rely upon any oral interpretation by NPI or its representative concerning the meaning of this BID REQUEST. This BID REQUEST and any addenda will be available by contacting Dan Mitchell. It is the Respondent's responsibility to obtain any addenda that may be subsequently issued.

All requests for interpretation and questions must be made in writing (email is acceptable) and submitted no later than November 12, 2024 at 3:00PM to:

Mr. Dan Mitchell
Vice President of Design & Construction
dmitchell@navypier.org
Navy Pier
600 East Grand Avenue
Chicago, IL 60611

Withdrawal of Proposals

Respondents may withdraw their submitted proposal at any time prior to the time specified as the closing time for the receipt of proposals. However, no respondent shall withdraw nor cancel their proposal for a period of sixty (60) days after the said closing date for the receipt of proposals nor shall the successful Respondent withdraw nor cancel nor modify their proposal after having been notified that the said proposal has been accepted.

Rejection of Proposals

Navy Pier Inc. reserves the right to reject any and/or all proposals and to waive irregularities and informalities in the submittal and evaluation process. This BID REQUEST does not obligate NPI to pay any costs incurred by the Respondent in preparation and submission of their Proposals. Furthermore, the BID REQUEST does not obligate NPI to accept or contract for any expressed or implied services.
